Campaign committees, party committees and Leadership PACs that are otherwise required to file reports in connection with the special elections must simultaneously file FEC Form 3L if they receive two or more bundled contributions from lobbyists/registrants or lobbyist/registrant PACs that aggregate in excess of $16,200 during the special election reporting periods (see charts below for closing date of each period). 11 CFR 104.22(a)(5)(v).

SUPPLEMENTARY INFORMATION: The Commission is adopting a program providing for a means by which persons and entities may have a legal question considered by the Commission earlier in both the report review process and the audit process. Specifically, when the Office of Compliance (“OC”) (which includes the Reports Analysis Division and the Audit Division) requests that a person or entity take corrective action during the report review or audit process, if the person or entity disagrees with the request based upon a material dispute on a question of law, the person or entity may seek Commission consideration of the issue pursuant to this procedure.

I. Procedures

Within 15 business days of a determination by the Reports Analysis Division or Audit Division that a person or entity remains obligated to take corrective action to resolve an issue that has arisen during the report review or audit process, the person or entity may seek Commission consideration if a material dispute on a question of law exists with respect to the recommended
corrective action.1 A “determination” for purposes of triggering the 15 business days is either: (1) notification to the person or entity of legal guidance prepared by the Office of General Counsel (“OGC”) at the request of the Reports Analysis Division recommending the corrective action; or (2) the end of the Committee’s Audit Exit Conference response period.

Any request for consideration by a Committee during the report review process or the audit process shall be limited to questions of law on material issues, when: (1) The legal issue is novel, complex, or pertains to an unsettled question of law; (2) there has been intervening legislation, rulemaking, or litigation since the Commission last considered the issue; or (3) the request to take corrective action is contrary to or otherwise inconsistent with prior Commission matters dealing with the same issue. The request must specify the question of law at issue and why it is subject to Commission consideration. It should discuss, when appropriate, prior Commission matters raising the same issue, relevant court decisions, and any other analysis of the issue that may assist the Commission in its decision-making. The Commission will not consider factual disputes under this procedure, and any requests for consideration other than on questions of law on material issues will not be granted.

All requests, including any extension requests, should be directed to the Commission Secretary, Federal Election Commission, 999 E Street, NW., Washington, DC 20463, and must be received within 15 business days of the determination of corrective action. Upon receipt of a request, the Commission Secretary shall forward a copy of any request to each Commissioner, the General Counsel, and the Staff Director.

Any request for an extension of time to file will be considered on a case-by-case basis and will only be granted if good cause is shown, and the Commission approves the extension request by four affirmative votes within five business days of receipt of the extension request. Within five business days of notification to the Commissioners of a request for consideration of a legal question, if two or more Commissioners agree that the question of law is novel, complex, or unsettled, the request will be considered on a case-by-case basis.

The annual report shall also include the following: (1) an analysis of the number of questions of law considered in the course of the review process; (2) a summary of the number of issues that were resolved; (3) a summary of the number of issues that were not resolved; (4) a summary of the number of issues that were resolved by settlement; (5) a summary of the number of issues that were not resolved by settlement; (6) a summary of the number of issues that were resolved by administrative action; (7) a summary of the number of issues that were not resolved by administrative action; (8) a summary of the number of issues that were resolved by judicial action; (9) a summary of the number of issues that were not resolved by judicial action; (10) a summary of the number of issues that were resolved by legislative action; (11) a summary of the number of issues that were not resolved by legislative action; (12) a summary of the number of issues that were resolved by executive action; (13) a summary of the number of issues that were not resolved by executive action; (14) a summary of the number of issues that were resolved by other action; (15) a summary of the number of issues that were not resolved by other action; (16) a summary of the number of issues that were resolved by other action.

The annual report shall also include the following: (1) an analysis of the number of questions of law considered in the course of the audit process; (2) a summary of the number of issues that were resolved; (3) a summary of the number of issues that were not resolved; (4) a summary of the number of issues that were resolved by settlement; (5) a summary of the number of issues that were not resolved by settlement; (6) a summary of the number of issues that were resolved by administrative action; (7) a summary of the number of issues that were not resolved by administrative action; (8) a summary of the number of issues that were resolved by judicial action; (9) a summary of the number of issues that were not resolved by judicial action; (10) a summary of the number of issues that were resolved by legislative action; (11) a summary of the number of issues that were not resolved by legislative action; (12) a summary of the number of issues that were resolved by executive action; (13) a summary of the number of issues that were not resolved by executive action; (14) a summary of the number of issues that were resolved by other action; (15) a summary of the number of issues that were not resolved by other action.

The annual report shall also include the following: (1) an analysis of the number of questions of law considered in the course of the review process and the audit process, as well as the recommendations, if any, for modifications to the program.

The Commission may terminate or modify this program through additional policy statements at any time by an affirmative vote of four of its members.

Dated: July 26, 2011.

Chair, Federal Election Commission.
