¹ These dates indicate the end of the reporting period. A reporting period always begins the day after the closing date of the last report filed. If the committee is new and has not previously filed a report, the first report must cover all activity that occurred before the committee registered as a political committee with the Commission up through the close of books for the first report due.

² The mailing deadline is the same as the filing deadline because the computed mailing deadline would fall one day before the primary is held.

On behalf of the Commission,
