Total Communication Costs by Corporations and Membership Organizations		\$1,175,787

*52 U.S.C. 30118 allows "communications by a corporation to its stockholders and executive or administrative personnel and their families or by a labor organization to its members and their families on any subject," including the express advocacy of the election or defeat of any Federal candidate. The costs of such communications must be reported to the Federal Election Commission under certain circumstances.

**The data presented in these statistical summaries do not include all reports filed on paper. To minimize COVID-19 exposure, the Commission closed its office headquarters in mid-March 2020 and the processing of reports submitted on paper will be delayed until the agency resumes normal operations. Financial activity of paper filers will be accounted for in the first statistical release after the reopening of the agency's office. (Approximately 94 percent of reports submitted to the Commission are filed electronically. Electronic filing is mandatory for all filers who receive contributions or make expenditures that exceed \$50,000 in a calendar year, or have reason to expect to do so.)
