\*This table displays the sums of itemized independent expenditure disbursements as disclosed by committees and filers in independent expenditure reports. Some of the independent expenditures will not reach the \$200 threshold for itemization and as a result, the total of independent expenditures displayed in this table will be less than the total in Table 1, which sums independent expenditures by overall summary amounts.

\*\*The Political Action Committee (PAC) total excludes amounts for Independent Expenditure-Only Political Committees (Super PACs) and Political Committees with Non-Contribution Accounts (Hybrid PACs) because these committee types are represented in this table as separate line items.

\*\*\*The data presented in these statistical summaries do not include all reports filed on paper. To minimize COVID-19 exposure, the Commission closed its office headquarters in mid-March 2020 and the processing of reports submitted on paper will be delayed until the agency resumes normal operations. Financial activity of paper filers will be accounted for in the first statistical release after the reopening of the agency's office. (Approximately 94 percent of reports submitted to the Commission are filed electronically. Electronic filing is mandatory for all filers who receive contributions or make expenditures that exceed \$50,000 in a calendar year, or have reason to expect to do so.)
